

Why choose SYNERGY to handle your CAD/CAM programming ?

- > **Free Programming.** Email your IGES or DXF file to info@webersys.com. Fax your print to 262-782-3191. We'll program it for you, send you the G-Code and create a "play-back" so you can see exactly how SYNERGY will handle your jobs.
- > **Experience.** Weber Systems has been creating innovative CAD/CAM software solutions since 1976.
- > **It Works.** Accurate G-code. Not just a pretty picture on your computer
- > **Product Choice.** Choose from Windows or Linux operating systems, 2D, 3D or Solid Modeling.
- > **It's Affordable.** 2D \$250 / 3D \$795 / 3D with Solid Modeling \$1,250
- > **Employee-engagement tools.** View "play-backs" which show jobs from start to finish. Create your own "play-backs" to train employees.
- > **Service Excellence.** We're passionate about service. Get answers and guidance from software developers - not a "help desk".
